Plaintiff is on seizure medication and psychotropic medication to stop her from having seizures and from self injuring behavior .

2.] Plaintiff is an Three striker under PLRA standards, however she is within imminent danger of herself at random times of self suicidal ideology due to being discriminated by Defendants and lack of ability to be allowed to practice her Islamic faith freely without reprisal . She is being denied adequate and reasonable mental health and religious garment accommodate detail by defendant (Schmidit) and (GDRC chief psychiatrist) and was denied equal protection of grievance procedure under " conspiracy" issues in an attempt to " thwart" the positive outcome of the grievance by (Lisa Beecher) and by (warden randee Rewerts), and was denied response or adequate medical assistance by Defendant RN# 13 .

Beecher (defendant) back-dated the receipt date to ( 11/18/2020) in order to purposely Deny the grievance under false assertion of " failure to attempt to resolve" issue . Plaintiff became disgruntled with false findings and despite the step I being returned officially on November 23rd

,2020 as claimed by Lisa Beecher, the grievances wasn't physically received until November 30th, 2020 in which plaintiff timely filed an step ii appeal to warden reverts whom received the step ii appeal on the date of 12/02/2020 and rendered an " upholding" of step I findings without conducting an due diligent investigation of Lisa Beecher findings and failed to raise any " time statue" defense claims of step ii grievance .The step II grievance was returned to plaintiff on 12/22/2020 but the warden rubber stamped the return date to (12/18/2020) . An Step iii final appeal was filed on 1/4/2021 and was rejected and findings upheld without Due diligent investigation . See attached court ruling proving that Liſa beecher is documented as being dishonest in grievance procedures and is corrupt and lacks an reliable characterizing basis to this court. Anything stated by Lisa Beecher should be handled with the" due diligent" handling as her characterizing image is morally " piss-poor" and " an direct conspiracy grounds claim" . illegal or unethical conduct of their staff and denying grievances. The actions of Lisa Beecher are not covered within her official duties and show an abuse of power, discretion and corrupt and "piss- poor " respect towards prisoners constitutional rights . The defendant (rewerts) and (Lisa Beecher) are responsible for the denial of plaintiff ability to posses, purchase , own an hijab and failed to handle the proceeding of the grievance by handing it over to the Health Unit Manager for review to be handled correctly . There was no contact made with RN- 13 unknown Kelly before Denial of grievance by defendant rewerts or Beecher .

4.] The MDOC director Heidi Washington has implemented an policy that appears to be illegal and unethical . Plaintiff is transgender and an Muslim follower of al-islam and is an shia Muslim . If plaintiff wears an hijab, she is faced with the guarantee of being placed into segregation for " impersonating the opposite gender" under sexual misconduct. She would be punished for practicing her Islamic. faith requirements of an hijab mandate to cover her hair at all times . Heidi Washington has implemented an racial, transphobic and unmodernised policy to dissuade trans genders from being able to practice religion freely without government intererference . The plaintiff does not have to file an grievance on the matter as policy issues are non-grievable under MDOC Grievance policy.

5.] Defendant Schmidit, and GDRC unit chief has been aware of this hijab request for over 2.5 years and still refuse to make an accommodation to allow plaintiff the right to wear , own, purchase an Islamic hijab garment from an approved MDOC religious vendor at her own expense despite several dozen documented requests within her (GD file ) by Kyle sperling p.a in the years of (2019- 2021) . When plaintiff brings the matter to Schmidit, she is ignored on the matter with " rubbish" of excuses that are merritless .

6.] The defendant(Schmidit) , and (GDRC chief psychiatrist ) are aware that plaintiff has PTSD, Mood instability, Depression, and several dozen suicide attempts /self injurious behavior and is medicated to help her minimize her mental health disability symptoms and yet have for the past 2.5 years made it an " mission" to refuse or play " ignorant " and " innocent" by ignoring the request for her to be allowed an GDRC/MDOC approved accommodate detail which allows her to wear, own, purchase and be shielded from any sexual misconduct tickets for wearing her Islamic hijab . Plaintiff has made several requests to the ECF, MRF, RMI, and DRF chaplains for ability to wear and purchaee hijab and is denied and told " GDRC/Lansing" has to approve it , since you biologically an male" . The actions of all defendants are with sole intent to deprive plaintiff with an gender affirming medical detail for hijab and aim to deprive her GD care of this topic to disuade her ability to practice al-islam freely without sanctions or reprisal by MDOC due to her religion or disability. These actions cause plaintiff loss of ability to eat, sleep, cause severe depression, have caused her to act out upon inmates with violence , caused her to be withdrawn from basic things she used to enjoy and sometimes cause an want of suicide or self harm by cutting herself to alleviate her spiritual, and mental anguish of being Denis gender affirming care By defendants due to her religion and Gender identity and Disability (Gender Dysphoria) . Denial of Gender Dysphoria care) is an serious issue that is deemed cruel and unusla punishment by defendants. The MDOC and defendants have an sole duty to treat plaintiff with ability to practice her religion freeley and treat her Gender dysphoria with gender affirming care .

7.] plaintiff sues Defendant Lisa Beecher, and rewerts under conspiracy clause to deprive plaintiff of ability to file grievance regarding R.L.U.I.P.A and Denial Of Medical Care , , Schmidit and GDRC Chief psychiatric doctor, and all unknown members Of GDRC under [Cruel and unusual punishment] , (R.L.U.I.P.A , establishment Clause, First amendment right to religous practice , under (individual capacity ) and denial to equal protection of law under Fourteenth amendment Establishment clause as Religion and LGBT are protected class under Supreme court ruling, Sues the MDOC director in her individual capacity for violation of First amendment right to freedom of religion. without reprisal from government , right to equal protection of Law under Establishment clause of Fourteenth amendment and RN #13 Unknown Kelly( INDIVIDUAL CAPACITY) for denial of Gender affirming Medical care, and conspiracy to violate R.L.U.I.P.A
